Application for quotation of securities

Name of entity

{Pre-populated by ASX}

ABN/ARBN

{Pre-populated by ASX}

Date of this form

{DATE FIELD}

We (the entity named above) apply for *quotation of the following *securities and agree to the matters set out in Appendix 2A of the ASX Listing Rules:¹

Securities to be quoted

ASX code	Number ²	*Security description	Issue price/consideration ³
			{CURRENCY} {AMOUNT}

Issued capital following quotation

Following the *quotation of the *securities above, our issued capital will comprise:

	ASX code	Number ⁴	*Security description
Total number of each *class of *securities quoted on ASX following the *quotation of the *securities mentioned above ⁵			

	Number ⁶	*Security description
Total number of each *class of *securities issued but not quoted on ASX (do not include the *securities to be quoted mentioned above) ⁷		

Notes:

- Appendix 2A of the Listing Rules includes a warranty that an offer of the securities for sale within 12 months after their issue will not require disclosure under section 707(3) or 1012C(6) of the Corporations Act. If the securities to be quoted have been issued by way of a pro rata offer, to give this warranty, you will generally need to have lodged a cleansing notice with ASX under section 708AA(2)(f) or 1012DAA(2)(f) of the Corporations Act within 24 hours before the securities are offered (see ASIC Regulatory Guide 189 *Disclosure relief for rights issues*). If in doubt, please consult your legal adviser.
- Restricted securities should only be included in this number if the escrow period for the securities has expired or is about to expire and you are applying to have them quoted.
- If the issue price is not Australian dollars, please specify the currency. If the securities were issued for a non-cash consideration, please specify the value of that consideration in Australian dollars.
- Again, restricted securities should only be included in this number if you are applying to have them quoted because the escrow period for the securities has expired or is about to expire.
- If you have quoted CHESS Depository Interests (CDIs) issued over your securities, include them in this section of the form.
- Include in this number any restricted securities that are not presently quoted on ASX and that you are not applying to have quoted on ASX.
- If you have quoted CDIs issued over your securities, include in this section of the form all of the underlying securities that DO NOT have CDIs issued over them (and therefore are not quoted on ASX).
- The figures provided in the tables above for the total number of securities quoted on ASX and the total number of securities issued but not quoted on ASX are used to calculate the total market capitalisation of the entity published by ASX from time to time. Please make sure you include in the relevant table each class of securities issued by the entity. **{Notes are non-printing}**

Commented [KL2]: Note questions 14 - 20 only get asked if the entity hasn't previously filed an Appendix 3B for the issue.

Commented [KL3]: Questions 21 and 22 only get asked if the securities are a new class that is not yet quoted and they have already been issued. They are asked regardless of whether the entity has previously filed an Appendix 3B for the issue. In this case, the form effectively ends after question 22.
