Introduction

The trade acceptance service and related product services (referred to collectively as the **TAS**) provide an Approved Market Operator (AMO)¹ with non-discriminatory access to:

- > clearing and settlement arrangements for transactions in CHESSE eligible financial products; and
- > financial product-related services that can be provided to an AMO which is a recipient of the trade acceptance service in relation to CHESSE-eligible financial products admitted for quotation on the market of the AMO (AMO products).

It supports transactions in any CHESSE-eligible financial product executed on the market of an AMO being cleared and settled on an equivalent basis to transactions effected through ASX Limited's cash market.

It also supports clearing and operational support assessments for AMO products, and product set up and maintenance and corporate action processing in CHESSE being provided to the AMO (on behalf of the relevant product issuer) for AMO products, on an equivalent basis to services provided in respect of financial products admitted for quotation on ASX Limited's market (**ASX products**).

The TAS is provided by ASX Clear and ASX Settlement (also referred to collectively in this review as **ASX**) directly to AMOs on the basis of published contractual Legal Terms - the Legal Terms for the Trade Acceptance Service and the Legal Terms for the related Product Services. The Legal Terms include contractual commitments from ASX Clear and ASX Settlement to:

- > provide an AMO with services of comparable quality to those provided to ASX Limited and, in the case of the product services in respect of AMO products, to provide an AMO with services of comparable quality to those provided to an issuer of ASX products;
- > not discriminate on clearing and settlement fees and charges or the requirements for participants on the basis of where a trade is executed, or the market on which the trade has been effected through, or reported to;
- > not charge higher net fees and charges to an AMO in respect of the product services than the net fees and charges that would be payable by an issuer in respect of the equivalent services for an equivalent ASX product, where the mode of service delivery is the same; and
- > protect any competitively sensitive information obtained from an AMO in the course of providing the TAS from disclosure to ASX Limited.

Under the Legal Terms, ASX has made Operational and Technical Standards and an Information Handling Standard. The Operational and Technical Standards set out the key parameters of trade acceptability and specify other operational and technical requirements for AMOs using the TAS to support market stability. The Information Handling Standard sets out the arrangements for the protection of AMO confidential information, including competitively sensitive information.

The Legal Terms came into effect with the establishment of the service on 31 October 2011. The current Legal Terms commenced on 31 October 2016, with a term of five years and were amended on 20 August 2018 without extending the term. The Legal Terms are due to expire on 31 October 2021.

The Legal Terms for the Trade Acceptance Service provide that a review be commenced twelve months prior to the expiry of the Legal Terms and the review published within four months of its commencement². ASX has extended the review to cover the Legal Terms for the related Product Services.

¹ The TAS and the associated Legal Terms currently apply only to non-ASX affiliated AMOs, however as indicated below they are intended to extend to ASX Limited and its cash market as part of the replacement of the existing CHESSE system in April 2023.

² Clause 57 of the Trade Acceptance Service Legal terms sets out the requirement for a review of the Legal Terms.

The objective of the review has been to confirm that the Legal Terms remain appropriate for the service. The extension of the TAS to a second AMO since November 2020 on the basis of the Legal Terms and associated standards indicate that the Legal Terms operate well and provide a good basis for responding to customer needs.

The review has not identified a need for significant changes to the Legal Terms. Accordingly, the TAS will continue to be made available on substantially the same terms for another five year term although noting that, as discussed below, the Legal Terms will be reviewed and updated in conjunction with the replacement of the existing CHES system prior to the expiry of the term. Some relatively minor changes to the Legal Terms will be implemented in response to submissions received by ASX, to better reflect the existing operation of the TAS and to update and simplify the drafting.

Additional review for CHES Replacement system

As part of the replacement by ASX of its existing CHES system with new post-trade technology and infrastructure for the cash market (the **CHES Replacement system**), further changes will be required to the Legal Terms.

On 28 October 2020, as part of ASX's response to consultation feedback on the CHES Replacement Revised Implementation Timeline, ASX announced a revised go-live date for the CHES Replacement system of April 2023. Given that any revisions to the Legal Terms as part of the current review will be implemented in October 2021, approximately 1.5 years prior to go-live of the CHES Replacement system, the current review of the Legal Terms is not intended to address changes relating to the CHES Replacement system.

Clauses 26A and 14 of the Legal Terms for the Trade Acceptance Service and related Product Services (respectively) allow ASX to amend or replace the Legal Terms to give effect to changes to the TAS as a consequence of new post trade technology and infrastructure.

As part of go-live of the CHES Replacement system, ASX intends to undertake a further review and introduce amendments to the Legal Terms related to the new system. This includes to:

- > extend the Legal Terms so as to apply to ASX Limited (as a market operator), reflecting that from the commencement of the new system all market operators will be accessing the trade acceptance service on the same basis using a FIX gateway;
- > replace existing CHES message references with equivalent FIX message references.

ASX remains committed to consulting with each Approved Market Operator acquiring the trade acceptance service in relation to the new non-discriminatory terms for trade acceptance through the replacement system for all market operators.

ASX intends to commence engaging with Approved Market Operators on the relevant revisions to the Legal Terms in September 2021 with a view to concluding such engagement and finalising the revised terms by the end of 2022, in advance of the April 2023 go-live.

Overview of the Legal Terms

Structure of the contract with ASX Clear and ASX Settlement

The Legal Terms consist of:

- > an application form, specifying the applicant's details and whether the requested service is for clearing and settlement of CHES-eligible financial products admitted to quotation on ASX Limited's market and/or on the AMO's market;
- > Trade Acceptance Service Legal terms, setting out the general legal terms applicable to the trade acceptance service, including Schedule 1 (a description of the items of the service), and Schedule 2 (service levels); and

- > Product Services Legal Terms, setting out the provision of financial-product-related services for AMO products, including Schedule 1 (Clearing assessment and operational support assessment), Schedule 2 (Product set-up and maintenance services for AMO products) and Schedule 3 (Service levels – AMO products).

Obligations of the parties under the Legal Terms

The Legal Terms impose obligations on both ASX Clear and ASX Settlement, and on an AMO that is the recipient of the trade acceptance service or the product services.

Importantly, ASX Clear and ASX Settlement are obliged under the Legal Terms to:

- > make the trade acceptance service and related product services available and provide the services to any AMO that meets the applicable requirements;
- > provide an AMO with services of comparable quality to the equivalent services provided to ASX Limited and, in the case of the product services in respect of AMO products, of comparable quality to those provided to an issuer of ASX products;
- > provide clearing and settlement services to participants without discriminating on the basis of whether the relevant transaction has been executed on an AMO's market or on ASX Limited's market. This includes not discriminating in relation to the fees and charges payable by participants; and
- > provide product services without discriminating in relation to the fees and charges payable, on the basis of whether the relevant product is ASX Limited-quoted or AMO-quoted.

Under the Legal Terms, an AMO is required to:

- > comply with the Operational and Technical Standards promulgated under the Legal Terms. The Operational and Technical Standards are important in managing counterparty and operational risk to maintain the integrity and proper functioning of the clearing and settlement systems, and to support market stability; and
- > report to ASX Clear and ASX Settlement any material non-compliance with the Operational and Technical Standards.

Changes to the Legal Terms during the review period

During the period to 31 October 2020, the Legal Terms were updated in 2018 for the purpose of aligning the terms of service available to all AMOs with an interest in the TAS.

Under a review process facilitated under the Legal Terms with the consent of ASIC and the RBA, ASX reviewed the fees in relation to the TAS including for operational support assessments required for each AMO product. As a result of that review process, the Trade Acceptance Service Legal Terms and the Product Services Legal Terms were updated in August 2018.

The 2018 updates included:

- > formalising the existing waiver of the annual service fee relating to the recovery of initial development costs for the TAS (\$175,000 per AMO per annum for current term of the TAS);

- > varying the annual service fee relating to the ongoing cost of service provision to recover allocations for limited categories of costs relating to ongoing resourcing costs and equipment costs and replacement (reduced from \$75,000 to \$66,000 per AMO per annum);
- > changes to the fees and addition of provisions regarding the conduct by ASX of clearing assessments and operational support assessments, as well as providing a framework to address costs arising from the development or testing of systems or any other new or special operational arrangements that need to be put in place to support the delivery of product services to the AMO, in relation to a financial product.

Extension of TAS Legal Terms to further AMO during the review period

In November 2020, ASX commenced providing the TAS to National Stock Exchange of Australia Limited (NSX) on the Legal Terms for the Trade Acceptance Service and the Legal Terms for the Product Services.

Legal Terms applicable from 31 October 2021

The current Legal Terms operate until 31 October 2021. On the basis of:

- > the Legal Terms having operated well in accommodating an expansion of the service to a further AMO;
- > customer feedback received through the current review process; and
- > upcoming changes as part of go-live of the CHES Replacement system to occur through a subsequent process (including to extend the Legal Terms to apply to ASX Limited (as market operator)),

a need for significant changes to the Legal Terms to apply from October 2021 has not been identified.

Subject to changes in the current regulatory environment for clearing and settlement of cash equities in Australia, ASX Clear and ASX Settlement are committed to continuing to offer the trade acceptance service on substantially the same terms for another five year term although noting that, as discussed above, the Legal Terms will be reviewed and updated in conjunction with the CHES Replacement system prior to the expiry of the term.

While the Legal Terms have operated well during the review period, some changes will be implemented by ASX Clear and ASX Settlement. The changes that have been identified include:

- > Providing a framework to allow for agreement or determination as to longer notice or remediation periods than otherwise prescribed in the Legal Terms
- > Removing the prescription of prices in the Legal Terms and instead relying on the Clearing, Settlement and Issuer Administration Services Schedule of Fees to avoid duplication
- > Accounting for invoicing to, and payment by, the AMO (rather than the issuer of the AMO products) of fees for product set up and maintenance services - where requested by the AMO and agreed by ASX
- > Accounting for differences in the means (i.e. automated v manual) of provision of certain product services in respect of ASX products and AMO products
- > Incorporating a review process under the Product Services Legal Terms to operate in the same way as exists for the Trade Acceptance Service Legal Terms (e.g. every 5 years or if ASIC and RBA consent etc)
- > Allowing further time to conduct the review of the Legal Terms at expiry of each five year term (increase from four months to six months).

The changes proposed to the Trade Acceptance Service Legal Terms are set out in mark-up in Attachment A. The changes proposed to the Product Services Legal Terms are set out in mark-up in Attachment B.

These amendments respond to feedback provided by AMOs that are users of the TAS (or potential future users of the TAS), where appropriate, as well as changes identified by ASX as part of its review of the Legal Terms.

Certain other amendments suggested by those AMOs will be sought to be addressed through the proposed further review and update of the Legal Terms for the CHES Replacement system as discussed above.

Framework for agreement or determination as to additional notice or remediation period

Following feedback from an AMO, provisions have been included in the Trade Acceptance Service Legal Terms and the Product Services Legal Terms for:

- > ASX Clear, ASX Settlement and each of the AMOs that have acquired the trade acceptance service to be able to agree a different consultation period than the consultation period specified in the Legal Terms in respect of certain changes to the Legal Terms or to the Operational and Technical Standards (clause 13(c) and 32(c) of the Trade Acceptance Service Legal Terms).
- > ASX Clear, ASX Settlement and the relevant AMO to be able to agree to a different remediation period than the remediation period specified in the Legal Terms for remedying a failure to comply with the Legal Terms, with each party to act reasonably for that purpose (clause 41(b) of the Trade Acceptance Service Legal Terms and clause 27(b) of the Product Services Legal Terms).
- > The required notice period to an AMO of a decision by ASX Clear and ASX Settlement to suspend or terminate the provision of or the right to acquire the trade acceptance service or the product services will be extended from 5 to 20 business days' notice. ASX Clear, ASX Settlement and the relevant AMO will also to be able to agree to a different notice period than that 20 business day notice period, with each party to act reasonably for that purpose (clause 42 of the Trade Acceptance Service Legal Terms and clause 28 of the Product Services Legal Terms).
- > The inclusion of a requirement for ASX Clear and ASX Settlement to provide 20 business days' notice of any amendments to the Legal Terms for the Product Services or the related Operational and Technical Standards so as to align the services and/or service levels for AMO products with the equivalent services and/or service levels for ASX products. ASX Clear and ASX Settlement will also to be able to determine a different notice period than that 20 business day notice period, with ASX Clear and ASX Settlement to act reasonably for that purpose. This notice period will not however apply where ASX Clear or ASX Settlement consider that continuing to provide the product services without such amendment contravenes any legal or licence obligation of ASX Clear or ASX Settlement (clause 17 of the Product Services Legal Terms).

Accounting for payment by AMO (rather than issuer of the AMO products) for certain product services

Currently, certain product services (including product set up and maintenance and corporate actions processing) are charged directly to the issuer of the AMO product. However, an AMO can request that those fees are charged directly to it, with it then able to seek to recover such fees from the relevant issuer. An amendment has been made to the Legal Terms for the Product Services to reflect this (clause 10C of Product Services Legal Terms).

Accounting for differences in the means of provision of certain product services

Currently, for certain product services (including corporate actions processing) the information provided to ASX Clear and ASX Settlement by AMOs in connection with the provision of such service for AMO products is provided manually by AMOs, including by the AMO populating and emailing to ASX Clear and ASX Settlement certain templates developed by ASX Clear and ASX Settlement to capture the relevant information for that service.

In some circumstances (certain prescribed corporate actions) this differs from the manner in which the relevant information is provided to ASX Clear and ASX Settlement in connection with the provision of such services for ASX products, with such information collected electronically by ASX Limited (as listing market operator) from its issuers via ASX Online for Companies and then made automatically available to ASX Clear and ASX Settlement for such ASX products via ASX internal systems.

This difference in the way the relevant information is made available to ASX Clear and ASX Settlement results in a difference in the means by which such product services are delivered for AMO products and ASX products. An amendment has therefore been made to the Legal Terms for the Product Services to reflect the difference in the

automated or manual processes which support the delivery of such services and to note that a service of comparable quality continues to be provided by ASX Clear and ASX Settlement in respect of AMO products and ASX products notwithstanding any such difference in the means by which the same services are delivered (clause 16(b) of the Product Services Legal Terms).

The drafting for such amendment leverages existing clause 23 in the Trade Acceptance Services Legal Terms (which addresses a similar issue arising from differences in which trade information is currently received by CHES in respect of trades on ASX Limited's market and trades on other AMOs).

Removing prescription of prices in Legal Terms

Following feedback from an AMO, the Legal Terms will no longer prescribe prices for services under the trade acceptance service, and instead will refer to the Clearing, Settlement and Issuer Administration Services Schedule of Fees (or any successor document) as applies at that time. The Legal Terms will continue to identify the category of fees that apply e.g. application fee and service fee, including relevant sub-categories of fees (clause 20 and 21 of the Trade Acceptance Services Legal Terms). This change aligns with the specification of pricing for product services and is to the limit duplication of fees across documents and potential inconsistency that may occur between that specified pricing.

Incorporating a review process under the Product Services Legal Terms

The Trade Acceptance Services Legal Terms currently provide for a review of the Legal Terms to be carried out prior to the expiry of the Legal Terms (i.e. every five years) as well as in circumstances where there is regulatory action by ASIC or the RBA or a change of law affecting the provision of the TAS, where ASIC or the RBA consent to a review being undertaken, or there is a material change in risk profile of ASX Clear or ASX Settlement in the provision of a trade acceptance service. The Trade Acceptance Services Legal Terms also currently provide for ASX Clear and ASX Settlement to consult with AMO's receiving the TAS as part of that review.

The Product Services Legal Terms however do not currently include equivalent requirements for review of those Legal Terms. Equivalent review provisions have now been included in the Product Services Legal Terms (clauses 42 to 44 of the Product Services Legal Terms).

Allowing further time to conduct review of the Legal Terms

The period for the conduct of the review of the Legal Terms at the end of each contract period has been extended from 4 months to 6 months (clause 57 of the Trade Acceptance Service Legal Terms), noting that this review period includes the Christmas and New Year period. This is to allow further time for consultation with AMOs and completion of the review.

Changes to contemporise the terms

It is also proposed that some minor changes will be made to the Legal Terms to:

- > Reflect that notice of any suspension or termination of the TAS in respect of an AMO is to be 'provided' to the RBA and ASIC, not 'made' to the RBA and ASIC (clause 42 of the Trade Acceptance Service Legal Terms and clause 28 of the Product Services Legal Terms).
- > Accommodate any successor document to the Clearing, Settlement and Issuer Administration Schedule of Fees that may apply during the contract period, with the relevant fees to be those that apply during the relevant fee period under the relevant document (clause 10 of the Product Services Legal Terms).
- > Expressly identifying the ability for there to be a change to the terms and conditions on which the trade acceptance service and product service is provided which arises from a review of the Legal Terms that is facilitated under the relevant Legal Terms, including where there is a change of law affecting the provision of the TAS or where ASIC or the RBA consent to a review being undertaken (clause 26 of the Trade Acceptance Service Legal Terms and clause 13 of the Product Services Legal Terms).

- > Recognising that product services relating to clearing assessment and operational support assessments are provided to AMOs not issuers, including for the purposes of the application of clause 16(a) of the Product Services Legal Terms (clause 15 of the Product Services Legal Terms).
- > Update the commencement date for the new Legal Terms to 31 October 2021 (from 31 October 2016) (clause 56 of the Trade Acceptance Service Legal Terms and clause 41 of the Product Services Legal Terms).

Attached are draft copies of the proposed updated Legal Terms incorporating the changes discussed above. Additional changes may be made in the finalisation of the Legal Terms.

Finalisation of updated Legal Terms

ASX Clear and ASX Settlement will engage with AMOs ahead of the expiry of the Legal Terms on 31 October 2021 to finalise the updated terms discussed in this paper that will apply from 31 October 2021.

Trade Acceptance Service

Legal Terms

ASX Clear Pty Limited and ASX Settlement Pty Limited

~~20 August 2018~~ 31 October 2021

The object of these Legal Terms

- 1 ASX Clear Pty Limited (**ASX Clear**) and ASX Settlement Pty Limited (**ASX Settlement**) operate licensed clearing and settlement facilities (**CS facility**).
- 2 Under section 795B of the Corporations Act, the relevant Minister may grant an applicant an Australian market licence if the Minister is satisfied of a number of things, including that the applicant has adequate clearing and settlement arrangements for transactions effected through the trade facility to be operated by it.
- 3 Under the operating rules of ASX Clear and ASX Settlement an Australian market licence holder (or an applicant for an Australian market licence) can apply to become an Approved Market Operator (**AMO**).
- 4 ASX Clear and ASX Settlement provide clearing and settlement arrangements which include services to AMOs and to parties to transactions in relation to CHESS-eligible financial products.
- 5 There are two categories of service relating to clearing and settlement of financial products transactions:
 - (a) a service to be provided by a CS facility licence holder to AMOs, being the acceptance of transactions effected through that AMO for clearing and settlement in the CS facility (**trade acceptance service**).
 - (b) a service provided to participants of the CS facility, being post-trade processing of transactions effected in accordance with the rules of an AMO (**clearing and settlement service**).
- 6 These Legal Terms govern the provision of a trade acceptance service to AMOs. They do not govern the provision of a clearing and settlement service to the parties to a financial product transaction effected through, or reported to, an AMO. The provision of a clearing and settlement service in respect of a financial product transaction accepted by ASX Clear and ASX Settlement under the trade acceptance service is subject to the

operating rules of ASX Clear and ASX Settlement. These Legal Terms do not govern the provision of a facility for the acceptance of settlement instructions from an Approved Clearing Facility (as defined in the operating rules of ASX Settlement).

- 7 The object of these Legal Terms is the provision by ASX Clear and ASX Settlement of:
 - (a) a trade acceptance service to an AMO; and
 - (b) certain commitments in relation to clearing and settlement services in respect of transactions effected through, or reported to, the AMO (but not clearing and settlement itself).

Binding nature of Legal Terms

- 8 Each of ASX Clear and ASX Settlement agree to be jointly bound by the obligations in these Legal Terms and to supply a trade acceptance service in accordance with these Legal Terms.
- 9 ASX Clear and ASX Settlement have no obligation to supply the trade acceptance service unless the AMO obtains an Australian market licence and agrees to be bound by these Legal Terms.
- 10 Each AMO that acquires a trade acceptance service agrees with both ASX Clear and ASX Settlement to be bound by the obligations in these Legal Terms.

The trade acceptance service

- 11 A trade acceptance service comprises the items set out in Schedule 1 to these Legal Terms as amended from time to time.
- 12 ASX Clear and ASX Settlement will not, subject to clauses 13 to 17 amend the schedule of items comprising the trade acceptance service.
- 13 ASX Clear and ASX Settlement may amend the schedule of items comprising the trade acceptance service where ASX Clear and ASX Settlement reasonably consider that a change is necessary in order to give effect to a proposed change in the clearing and settlement services that

ASX Clear and ASX Settlement provide to clearing and settlement participants. If ASX Clear and ASX Settlement propose to amend the schedule of items:

- (a) ASX Clear and ASX Settlement will publish on the ASX website a draft updated schedule of items comprising the trade acceptance service and provide written notice of the draft updated schedule of items to any AMO which has acquired a trade acceptance service.
- (b) Following notice of the draft updated schedule of items ASX Clear and ASX Settlement will consult in good faith with any AMO which has acquired a trade acceptance service about the content of the draft updated schedule of items and the time frame for its implementation.
- (c) The consultation period will be 21 days from the date of publication of the draft updated schedule of items unless another consultation period has been agreed to with each AMO which has acquired a trade acceptance service.
- (d) Following the consultation period, ASX Clear and ASX Settlement will publish on the ASX website a final updated schedule of items and the date those items will come into effect (**Implementation Date**) and provide written notice of those items to any AMO which has acquired a trade acceptance service. The Implementation Date will be at least 90 days from the publishing of the final updated schedule of items, unless another date has been agreed to with each AMO which has acquired a trade acceptance service.
- 14 If an AMO, in good faith and acting reasonably, requests an expansion or enhancement of the service which requires an amendment to the schedule of items comprising the trade acceptance service, ASX Clear and ASX Settlement will, acting reasonably and in good faith, consult with the AMO in respect of the AMO's proposed expansion or enhancement and consequent amendment to the schedule of items.
- (a) If the proposed expansion or enhancement and consequent amendment is acceptable to ASX Clear and ASX Settlement, they will, to the extent that there are any other AMOs which have acquired a trade acceptance service, implement the notice and consultation process set out in clause 13.
- (b) If the proposed expansion or enhancement and consequent amendment is acceptable to ASX Clear and ASX Settlement, but no other AMO has acquired the trade acceptance service, the expansion or enhancement and consequent amendment will be implemented as agreed by ASX Clear, ASX Settlement and the AMO.
- 15 Should ASX Clear and ASX Settlement agree to expand or enhance the trade acceptance service, the AMO requesting such expansion or enhancement and consequent amendment to the schedule of items comprising the trade acceptance service must make a monetary contribution towards the capital cost of such expansion or enhancement to ASX Clear or ASX Settlement (as specified by ASX Clear and ASX Settlement), in an amount to be agreed between that AMO and ASX Clear and ASX Settlement.
- 16 If no agreement as to the amount of the monetary contribution to ASX Clear or ASX Settlement can be reached, ASX Clear and ASX Settlement are not obliged to provide that expansion or enhancement or implement the consequent amendment to the schedule of items.
- 17 Clause 13 does not apply if any regulatory authority directs that ASX Clear and ASX Settlement must change the schedule of items, or if ASX Clear and ASX Settlement consider, in good faith and acting reasonably but otherwise in their absolute discretion, that a change is required to comply with ASX Clear's or ASX Settlement's licence obligations. ASX Clear and ASX Settlement will

notify the AMO as soon as practicable of such a change.

- 18 An AMO may request that ASX Clear and ASX Settlement provide a trade acceptance service by lodging an application for that service with ASX Clear and ASX Settlement. The application must be in the form prescribed by ASX Clear and ASX Settlement from time to time.
- 19 The trade acceptance service will be provided to the AMO for the period (**contract period**) commencing on the date specified in the application form and ending on the earlier of:
- the last day of the service term for a trade acceptance service nominated by the AMO in its application form (or in correspondence accompanying its application form); and
 - the termination date of these Legal Terms as determined under clause 56.

incurred in providing the trade acceptance service as follows:

- ongoing resourcing costs ~~\$23,000- (excluding GST)~~ (towards staff and occupancy costs); plus
- equipment costs (towards the cost of technology and other equipment related support and maintenance services) ~~— (including currency conversion costs at the prevailing exchange rate) such amount to be determined by ASX Clear and ASX Settlement acting reasonably and in good faith and advised in the invoice for the service fee.~~

Pricing

- 20 As a condition of obtaining and continuing to receive a trade acceptance service, an AMO acquiring a trade acceptance service must pay ~~the following amounts~~ to, or as directed by, ASX Clear and ASX Settlement, the relevant amounts set out in the Clearing, Settlement and Issuer Administration Services Schedule of Fees (or any successor document), as applies at that time, for the following fees:
- an application fee ~~of \$10,000 (excluding GST)~~ to be paid on lodgement of the application to receive a trade acceptance service;
 - a service fee for a 12 month period, paid annually in advance, to be paid on a pro rata basis on the commencement date specified in the application form and at the commencement of each financial year on ~~each anniversary of the commencement date~~ during the contract period. The service fee is calculated by reference to limited categories of costs

The new Legal Terms and/ or standards must confirm ASX Clear's and ASX Settlement's commitment to the provision of the trade acceptance service on a non-discriminatory basis through the new technology. ASX Clear and ASX Settlement will, in good faith and acting reasonably, consult with each AMO which is acquiring a trade acceptance service in relation to any such new Legal Terms and/ or standards.

- 35 If no agreement as to the amount of the monetary contribution to ASX Clear or ASX Settlement can be reached, ASX Clear and ASX Settlement are not obliged to provide that expansion or enhancement or implement the consequent amendment to the standards.
- 36 Clause 32 does not apply if any regulatory authority directs that ASX Clear and ASX Settlement must change the applicable standards, or if ASX Clear and ASX Settlement consider, in good faith and acting reasonably but otherwise in their absolute discretion, that a change is required to comply with ASX Clear's or ASX Settlement's licence obligations. ASX Clear and ASX Settlement will notify the AMO as soon as practicable of such a change.
- 37 As a condition of obtaining and continuing to receive the trade acceptance service, AMOs must comply with the standards as they are published from time to time. To the extent of any inconsistency between these Legal Terms and the standards, these Legal Terms will prevail.

Settlement (acting reasonably).

42 Except in circumstances where ASX Clear and ASX Settlement consider that continuing to provide the trade acceptance service contravenes any legal or licence obligation of ASX Clear and / or ASX Settlement, ASX Clear and ASX Settlement will provide an AMO with ~~five~~ 20 business days' notice of a decision to suspend the provision of the trade acceptance service or to terminate the right of the AMO to acquire the trade acceptance service or such other notice period that has been agreed to between the AMO, ASX Clear and ASX Settlement (acting reasonably). 45 The arbitrator must be a person agreed by the parties. However, if the parties fail to agree on the arbitrator within 14 days after the Arbitration Notice was delivered, the arbitrator will be the person nominated, at the request of either party, by the President of the Institute of Arbitrators & Mediators Australia or his or her nominee.

- (a) in the case of clearing assessments and operational support assessments, where the methodology used by ASX Clear (and in the case of an operational support assessment, ASX Settlement) to conduct the assessment is the same for an ASX product and an equivalent AMO product, and an AMO product receives no less favourable treatment in terms of resourcing, priority and processing timeframes to that received by an equivalent ASX product; and
- (b) in the case of product set-up and maintenance services, where:

a. there is no difference in the means by which the services for AMO products are delivered, and the means by which the same services are delivered in respect of ASX products.

b. there is a difference in the

means by which the services for AMO products are delivered, but any difference between the same services delivered in respect of ASX products and AMO products results solely from any means by which those services are delivered. These means include, without limitation, any automated or manual processes which support the delivery of the services.

~~a.c.~~ (For the avoidance of doubt, in the circumstances in sub-paragraphs a. and b. above, this means that the product set-up and maintenance services for AMO products are provided ~~in the same manner and~~ to the same quality as the same services provided for ASX products.)

17. For the purpose of complying with clauses 15 and 16, ASX Clear and ASX Settlement may amend Schedules 1, 2 and 3 and/or the standards referred to in clause 21 in order to align the services and/or service levels for AMO products with the equivalent services and/or service levels for ASX products. Any such amendment must be notified in writing to each AMO which is the recipient of product services. Except in circumstances where ASX Clear and/or ASX Settlement consider that continuing to provide the product services without such amendment contravenes any legal or licence obligation of ASX Clear and/or ASX Settlement (as applicable), ASX Clear and ASX Settlement will provide AMOs with 20 business days' notice of such amendments or such other notice period as determined by ASX Clear and/or ASX Settlement (acting reasonably).
18. ASX Clear and ASX Settlement will report to the independent non-executive directors of ASX Clear:
- (a) on a quarterly basis showing a comparison of the processing times for the following services provided to an issuer of ASX products and to other AMOs: (i) clearing assessments; (ii) new issuer establishment; (iii) new issuance set up; and (iv) operational support assessments; and

- (b) on an annual basis with a certification as to the service of comparable quality commitment in respect of: (i) clearing assessments conducted under Schedule 1; (ii) product set-up and maintenance services provided under Schedule 2; and (iii) operational support assessments conducted under Schedule 1.

Non-discrimination

19. Other than any fees or charges that are different because the mode of service delivery is not the same, the net fees and charges payable to ASX Clear and ASX Settlement by an AMO in respect of the product services will be no higher than the net fees and charges that would be payable by an issuer in respect of the equivalent services for an equivalent ASX product.
20. All fees and charges in respect of product services will be set out in the Clearing, Settlement and Issuer Administration Services Schedule of Fees which may be updated from time to time. ASX Clear and ASX Settlement will not enter into any other agreement or arrangement, including but not limited to an agreement or arrangement with ASX Limited or any other AMO, that would derogate from the commitment to non-discrimination under this clause.

 - (a) technical standards; or

that ASX Clear and ASX Settlement must change the applicable standards, or if ASX Clear and ASX Settlement consider, in good faith and acting reasonably but otherwise in their absolute discretion, that a change is required to comply with ASX Clear's or ASX Settlement's licence obligations. ASX Clear and ASX Settlement will notify the AMO as soon as practicable of such a change.

(d) with the AMO's consent.

24. As a condition of obtaining and continuing to receive the product services, AMOs must comply with the standards as they are published from time to time. To the extent of any inconsistency between these Legal Terms and the standards, these Legal Terms will prevail.

Remedies for failure to comply

25. If an AMO that has acquired the product services fails to comply with any provision of these Legal Terms, and ASX Clear and ASX Settlement consider (acting reasonably) that failure to be material, ASX Clear and ASX Settlement will first notify the RBA and ASIC and subsequently may, in their absolute discretion, either:

- (a) suspend the provision of the product services until such time as they are satisfied that the AMO will comply with all of the provisions of these Legal Terms; or

28. Except in circumstances where ASX Clear and/or ASX Settlement consider that continuing to provide the product services contravenes any legal or licence obligation of ASX Clear and/or ASX Settlement (as applicable), or where the provision of product services is suspended or terminated under clause 29, ASX Clear and ASX Settlement will provide an AMO with ~~five~~ 20 business days' notice of a decision to suspend the provision of the product services or to terminate the right of the AMO to acquire the product services or such other notice period that has been agreed to between the AMO, ASX Clear and ASX Settlement (acting reasonably).  - (c) the statutory and licence obligations of ASX Clear and ASX Settlement under the Corporations Act; and
 - (d) the interests under contract made under these Legal Terms of all other persons.
35. Subject to clause 36 an arbitration will be private and the result of the arbitration will not be published.
36. The result of an arbitration will be provided to the RBA and ASIC on condition that they keep the results confidential subject to any statutory reporting obligation.

Schedule 1

Clearing assessment and operational support assessment (clause 6)

1. Background

For an AMO product to be approved and remain approved as an approved financial product:

- The AMO product must meet all requirements to be admitted for quotation under the operating rules of the AMO.
- All relevant regulatory approvals for the issuer and/or AMO product must be satisfied so that there is no impediment to trading, clearing and settlement of the AMO product.
- Where applicable, ASX Clear must perform a clearing assessment of the AMO product.
- ASX Clear and ASX Settlement must perform an operational support assessment of the AMO product.

The clearing assessment will be performed in accordance with ASX Clear's Clearability Policy in place from time to time. A clearing assessment is not required for financial products issued on terms that are identical to the terms of a financial product in the existing product set. The relevant terms of the existing product set include any feature of the financial product or any way of trading, pricing, settling, clearing or condition on which the financial product is quoted, which is relevant to ASX Clear's assessment of its risk. The existing product set refers to all "Financial Products" (as that term is defined in the ASX Settlement Operating Rules) that have met the clearing assessment and operational support assessment criteria and that are cleared by ASX Clear at the time the clearing assessment is performed.

A clearing assessment may also be required where there is a change to the terms of an approved AMO product which, in the reasonable opinion of ASX Clear, causes the AMO product to be issued on terms that are not identical to the remainder of the existing product set.

An operational support assessment is required for each financial product submitted by an AMO for the trade acceptance service and is also required whenever a clearing assessment has been performed. An operational support assessment will determine whether systems need to be developed or tested or any other new or special operational arrangements need to be put in place to support the delivery of clearing, settlement or issuer services, or services to the AMO, in relation to the financial product submitted by the AMO.

2. What is required from an AMO – Clearing Assessment

All AMO products to be submitted by an AMO for the trade acceptance service must be submitted by the AMO for a clearing assessment, other than AMO products issued on terms that are identical to the terms of a financial product in the existing product set. An approved AMO product may also be submitted for a clearing assessment where there is a change to the terms of an approved AMO product which, in the reasonable opinion of ASX Clear, causes the AMO product to be issued on terms that are not identical to the remainder of the existing product set.

In order for ASX Clear to perform the clearing assessment, AMOs are required to provide ASX Clear with the following information:

- comprehensive product description, including the nature of the product and in particular having regard to features of the product that impact price determination and liquidity;
- issuer;
- underlying security / asset;
- operating rule framework that governs the listing or quotation of the financial product; and
- any other relevant information reasonably required by ASX Clear.

3. What is required from an AMO - Operational support assessment

All AMO products to be submitted by an AMO for the trade acceptance service must be submitted by the AMO for an operational support assessment. An operational support assessment is also required whenever a clearing assessment has been performed in relation to a particular AMO product.

In order for ASX Clear and ASX Settlement to perform an operational support assessment, AMOs are required to:

- fully complete an ASX Clearing and Settlement Services New Product Form in the form prescribed by ASX Clear and ASX Settlement from time to time;
- provide contact details for the issuer of the product, for the purpose of ASX Clear or ASX Settlement requesting information from the issuer where they consider it necessary to do so;
- where the AMO product did not require a clearing assessment, provide the information that would have been provided to ASX Clear to perform a clearing assessment under section 2 of this Schedule 1; and
- provide any other relevant information reasonably required by ASX Clear and ASX Settlement.

4. Service levels

ASX Clear will conduct a clearing assessment of an AMO product in accordance with the service levels set out in section 1 of Schedule 3.

Service levels – AMO products (clause 11)

1. Clearing assessment

ASX Clear will conduct the clearing assessment and advise the AMO of the outcome within the following timeframes:

- For products issued on terms that are similar but not identical to the terms of a product that is in the existing product set: 10 Business Days; and
- For products issued on terms that are significantly different to the terms of a product that is in the existing product set: 40 Business Days (other than in the case of the blackout periods specified below).

The clearing assessment fee is payable both for products that are similar but not identical, and products that are significantly different to, products in the existing product set. The clearing assessment fee is also payable where there is a change to the terms of an approved AMO product which, in the reasonable opinion of ASX Clear, causes the AMO product to be issued on terms that are not identical to the remainder of the existing product set.

The timeframes above commence when all of the following have occurred:

- ASX Clear confirms to the AMO that ASX Clear has received all of the relevant information it reasonably requires to complete the clearing assessment; and
- ASX Clear has provided the AMO with an estimate for the clearing assessment in accordance with clause 10B(a); and

- before 5:00pm on Business Day 40 after Day 0 the outcome of the clearing assessment will be confirmed if it is a significantly different product.

Blackout periods

ASX Clear's commitment to perform a clearing assessment for products issued on terms that are significantly different to the terms of a product that is in the existing product set does not apply if that would require Board approval during the periods from 1 July to 1 August (inclusive) or 1 December to 1 February (inclusive). In those cases, ASX Clear will complete the clearing assessment as soon as reasonably practicable including using reasonable endeavours to obtain the necessary Board approval within 40 Business Days and in any case will provide a clearing assessment service in relation to AMO products of comparable quality, in accordance with the commitment in clause 16(a) of the Legal Terms, to that provided for equivalent ASX products.
