2. Release of a revised version of ASX Listing Rules Guidance Note 33 Removal of Entities from the ASX Official List

On 15 April 2019, [ASX released a revised version of ASX Listing Rules Guidance Note 33 Removal of Entities from the ASX Official List](#) (GN 33). Changes to GN 33 were foreshadowed in ASX's consultation paper [Simplifying, clarifying and enhancing the integrity and efficiency of the ASX Listing Rules](#) issued on 28 November 2018.

ASX has released the revised version of GN 33 earlier than foreshadowed in the consultation paper to:

- incorporate immediately some of the feedback received in the consultation including, in particular, a change to section 2.7 of GN 33 to require a special resolution rather than an ordinary resolution to approve a voluntary de-listing; and
- give the market advance notice of the deferral of the effective date for the changes to ASX's long term suspended entity policy in section 3.4 of GN 33.

The changes to ASX's long term suspended entity policy will now take effect on Monday 3 February 2020, rather than the date originally proposed in the consultation paper of 1 July 2019. This is to allow currently suspended entities more time to pursue a transaction that could lead to them being reinstated to trading. All of the other changes in GN 33 take effect immediately.

To assist readers to identify the changes, ASX has also released mark-ups comparing the new GN 33 to [the version in force prior to 15 April 2019](#) and [the proposed version in ASX's consultation paper](#).
