## Register of ASX Listing Rule Waivers

<b>Rule Number</b>	1.1 condition 3
<b>Date</b>	23/10/2020
<b>ASX Code</b>	DRR
<b>Listed Company</b>	DETERRA ROYALTIES LIMITED
<b>Waiver Number</b>	WLC200340-001
<b>Decision</b>	1. Based solely on the information provided, ASX Limited ('ASX') grants Deterra Royalties Limited (the 'Company') a waiver from Listing Rule 1.1 condition 3 to the extent necessary to permit the Company to issue an information memorandum instead of a prospectus for its listing on the ASX, on condition that the information memorandum complies with the requirements of Listing Rule 1.4.
<b>Basis For Decision</b>	<p><b>Underlying Policy</b>  Listing Rule 1.1 requires an entity applying for admission to the official list of ASX to meet various conditions before it is admitted. Listing Rule 1.1 condition 3 requires an entity applying for admission to issue a prospectus or product disclosure statement required to be lodged with ASIC under the Corporations Act 2001 (Cth). ASX, in lieu of a prospectus or product disclosure statement, may accept an information memorandum that complies with the information memorandum requirements of Listing Rule 1.4 where an entity does not need to raise capital.</p> <p><b>Present Application</b>  DRR has applied for admission to the Official List of ASX in connection with its proposed demerger from Iluka Resources Limited. The Company will use an information memorandum based on the Demerger Booklet as the basis of the Company's ASX listing. The Company is currently a wholly-owned business of ILU, which is an existing listed entity, and it is to be spun-off into a separate listed entity. Shareholders of ILU will ultimately become shareholders in the Company. The demerger is to be effected pursuant to an in-specie distribution on a one-for-one basis. ILU will seek shareholder approval for the demerger. Upon implementation of the demerger, each ILU shareholder, as at the record date for the demerger, will receive a proportionate shareholding in the Company, with ILU retaining up to 20% shareholding in the Company. On the basis that the Company will not be raising any capital as part of the listing, the issue of an information memorandum incorporating the Demerger Booklet is considered acceptable in place of a prospectus.</p>

<b>Decision</b>	<p>1 Based solely on the information provided, ASX Limited ('ASX') grants Leaf Resources Ltd (the 'Company') in connection with the acquisition of all the issued capital of Essential Queensland Pty Ltd ('EQ') ('Proposed Acquisition') and a proposed capital raising via an offer of \$0.02 per fully paid ordinary share ('Share') to raise approximately \$3,000,000 ('Capital Raising'), a waiver from Listing Rule 2.1 condition 2 to the extent necessary to permit the Company to issue up to 150,000,000 Shares pursuant to the Capital Raising ('Capital Raising Shares') at an issue price of less than \$0.20 per Capital Raising Share, subject to the following conditions:</p> <p>1.1 The issue price of the Capital Raising Shares is not less than \$0.02 per share.</p> <p>1.2 The terms of this waiver are disclosed to the market and, along with the terms and conditions of the Capital Raising Shares, are clearly disclosed in the notice of meeting pursuant to which the Company will seek the approval required under Listing Rule 11.1.2 for the Proposed Acquisition and in the prospectus to be issued in respect of the Capital Raising.</p> <p>1.3 The Company completes a consolidation of its capital structure in conjunction with the Proposed Acquisition such that its securities are consolidated at a ratio that will be sufficient, based on the lowest price at which the Company's securities traded over the 20 trading days preceding the date of the suspension of the Company's securities from official quotation, to achieve a market value for its securities of not less than two cents each.</p>

## Register of ASX Listing Rule Waivers

<b>Rule Number</b>	4.7B(a)
<b>Date</b>	16/10/2020
<b>ASX Code</b>	ABB
<b>Listed Company</b>	AUSSIE BROADBAND LIMITED
<b>Waiver Number</b>	WLC200332-001
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Aussie Broadband Limited (the 'Company') a waiver from Listing Rule 4.7B(a) to the extent necessary that the Company not be required to provide quarterly cash flow reports for the eight quarters after the Company's admission to the official list, on the condition the Company makes an announcement confirming that it expended the funds raised in the manner as indicated in the Prospectus to pay for rollout of its fibre optic project, the costs of the offer and the repayment of debt before 31 January 2021.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b>  Listing Rule 1.3.2(b) requires an entity that has half or more of its total tangible assets in the form of cash or in a form readily convertible to cash to have commitments consistent with its business objectives to spend at least half of its cash and assets in a form readily convertible to cash.  Listing Rule 4.7B(a) was introduced as a complement to Listing Rule 1.3.2(b) requiring entities admitted under that rule, referred to as commitments test entities, to provide quarterly cash flow reports for the first eight quarters after listing or such longer period as set by ASX. It is ASX's practice to extend the obligation for a commitments test entity until it has established a history of positive net operating cash flow. The entity must give ASX the completed Appendix 4C immediately on the information being available, and in any event, within one month after the end of each quarter of its financial year. The quarterly cash flow report, Appendix 4C, requires information in relation to expenditures by the entity and the entity's cash flow generally. This information assists the market to understand the extent to which the entity is achieving its business objectives and goals, and its financial liquidity. It is considered that it is valuable to the market to receive quarterly cash flow reports from such entities, to assist in achieving a high level of transparency about such entities' operating models, use of funds, and liquidity position.</p> <p><b>Present Application</b>  The Company will use the proceeds of the offer to repay debt, the costs of the offer and for the cost of constructing its own fibre optic network, part of which is expected to be completed shortly after completion of the offer, which will reduce the proportion of its total tangible assets in the form of cash immediately after raising funds, to less than half shortly after listing. A condition is that the Company makes an announcement confirming it has expended the funds raised in a manner as indicated in the Prospectus prior to the date its first quarterly report would have been required under Listing Rule 4.7B. The Company's circumstances are within the parameters set out in paragraph 13 of Guidance Note 23 - Quarterly Reports. In those circumstances, it is not considered that the grant of a waiver offends the principles of the rule.</p>

securities are appropriate to the entity and the transaction in all the circumstances, and adequate information can be given to shareholders about the future issues of securities. This allows the entity and the counterparty to the agreement to have commercial certainty about the ability of the entity to issue securities as the counterparty performs its obligations, while maintaining the principle that shareholders must give their informed consent to future issues of securities.

### Present Application

The Deferred Consideration Shares are justified by the terms of a specific commercial transaction undertaken by the Company and there is a clear structure in place governing the issue of the shares to which security holders could give informed consent. There is a maximum number of Deferred Consideration Shares to be issued, providing certainty to security holders as to the maximum potential dilution. The Deferred Consideration Shares to be issued will be based on audited EBITDA figures and the calculation will be independently verified. The period of 30 months to issue the Deferred Consideration Shares is not excessive in the circumstances.

### Present Application

The Company has closed a capital raising in the amount of \$11,300,900 by way of the placement of the Convertible Notes to Unrelated Noteholders and to Blue Spec. The Company seeks approval for the issue of Interest Shares that will become due and payable to Unrelated Noteholders over the 12 months from the date of the AGM with respect to the Relevant Interest Period. Interest of 8% per annum is payable to Unrelated Noteholders on a quarterly basis in either cash or Interest Shares, at the election of the Company. Any Interest Shares issued in satisfaction of interest on the Convertible Notes will have an issue price equal to the VWAP of shares over the five trading days prior to their issue date, being the last date of the Relevant Interest Period. The maximum number of Interest Shares that may be issued to Unrelated Noteholders is 30,537,423 Interest Shares. The timing and structure for the issue of Interest Shares is outlined in the Notice. The interest rate and period of time over which Interest Shares may be issued is fixed and the Notice provides a working example of an indicative number of Interest Shares based on a three estimated values of VWAP, being \$0.02, \$0.03, \$0.04 and \$0.05. In the context of a convertible note agreement, there is a sufficient degree of certainty about the basis for calculation of the number of Interest Shares to be issued for shareholders to be able to give their informed consent to the issue of the Interest Shares over the relevant period. The waiver is granted on conditions, including that the Notice discloses the material terms of the Convertible Notes to the Company's shareholders. It is appropriate to allow shareholders to be able to give their informed consent to the issue of the Interest Shares over the relevant period.

<b>ASX Code</b>	PSL
<b>Listed Company</b>	PATERSON RESOURCES LTD
<b>Waiver Number</b>	WLC200351-001
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Paterson Resources Limited (the 'Company') a waiver from Listing Rule 7.3.9 to the extent necessary to permit the Company, in its notice of meeting to approve the issue of up to 502,178,606 options with an exercise price of \$0.007 and an expiry date of 30 September 2023 to shareholders who participated in the Company's security purchase plan ('SPP') on a one for one basis, not to include a voting exclusion statement that excludes the votes of persons who may participate in the SPP, on the following conditions:</p> <p>1.1 that the SPP is not underwritten, or if it is underwritten, the Company excludes any votes cast in favour of that resolution by any proposed underwriter or sub-underwriter of the SPP; and</p> <p>1.2 that the Company excludes any votes cast in favour of that resolution by any investor who may receive shares under any SPP shortfall.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> Listing Rule 7.3.9 requires a resolution for the purposes of Listing Rule 7.1 to have a voting exclusion statement excluding votes of security holders who may participate in the issue, as they may receive a benefit from the passing of the resolution that will not accrue to security holders that do not participate in the issue. The policy of excluding the votes of security holders who may participate in the issue is not applicable where the nature of the issue is such that all eligible security holders may participate on an equal basis. In such cases and the exclusion of security holders entitled to participate would mean that no votes could be counted. With such issues there is also limited scope for an individual holder to gain a disproportionate advantage from the passing of the resolution.</p> <p><b>Present Application</b> The Company is conducting an SPP pursuant to a prospectus. The issue of shares under the SPP could not be conducted under the ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547 given that the Company's shares have been suspended for more than a total of 5 days in the 12 months preceding the SPP. The Company is also offering shareholders who participated in the SPP one attaching option for every share subscribed for under the SPP. As the ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547 does not provide relief for an offer of unquoted securities under a securities purchase plan, the Company is proposing to seek, at a general meeting, shareholder approval for the purposes of Listing Rule 7.1 for the issue of the options. As the issue of the shares and options being undertaken is one in which all shareholders may participate on an equal basis, and for which there is an exception from the requirement for shareholder approval in Listing Rule 7.2 for the issue of the shares, but which is not available to the Company for the issue of attaching options, there is no need to exclude the votes of shareholders entitled to participate in the issue.</p>

exercise influence over the entity of a substantial asset. The votes of security holders, who are parties to the transaction, and their associates, are not counted. Listed entities are required to obtain an independent expert's report on the fairness and reasonableness of the transaction and send it to security holders to accompany the notice of security holder's meeting. This rule protects security holders from a value- shifting transaction with a person in a position of influence being undertaken by a listed entity without the disinterested security holders having approved that transaction with the benefit of full information. The rule supplements the related party provisions of the Corporations Act 2001 (Cth) (or, in the case of foreign entities, the related party provisions in the law of their home jurisdiction).

## Present Application

KKC's investment objective is to provide unitholders with an income stream as well as to achieve long-term capital appreciation, and it intends to continue to achieve this objective by investing indirectly through a profit participating note in the Feeder Fund and directly in the Lending Fund. In order to secure a credit facility on reasonable terms, SPV 1 will make a withdrawal request to the general partner of the Underlying Fund to withdraw its capital account, which is to be paid with the transfer in-specie of GCOF Assets. These GCOF Assets will be held by the SPVs and are to be managed by KKR Credit Advisers. KKR Credit Advisers is a related party of the manager of KKC and is therefore considered a party to whom listing rule 10.1.5 applies. The value of the units acquired and redeemed in the KKR Funds or the SPVs, or the value of the GCOF Assets liquidated from time to time may exceed 5% of the equity interests in KKC and accordingly will be considered a substantial asset for the purposes of listing rule 10.1. The offer document for the IPO disclosed the related party nature of KKC's structure and its investment objective and strategy and the manner in which it intends to achieve that strategy through the investment into two KKR funds, and the fees payable to the related parties. The Withdrawal in Specie does not involve a value shift nor a change in the investment objective or strategy of KKC but is a necessary change to the manner in which the GCOF Assets are held in order for KKC to secure a financing facility, as described in the PDS, on reasonable terms. On this basis, a waiver from Listing Rule 10.1 is granted for the same period as the original waiver was granted, on conditions, including that the material terms of the New Management Agreements are released to the market.

<b>Listed Company</b>	BANK OF QUEENSLAND LIMITED.

<b>Decision</b>	<p>1. Based solely on the information provided, in connection with an offer of fully paid mandatorily convertible subordinated perpetual debt securities in the form of unsecured notes ("Capital Notes 2") ("Offer") by Bank of Queensland Limited (the "Company"), ASX Limited ("ASX") grants the Company a waiver from Listing Rule 10.11 to the extent necessary to permit directors of the Company and their associates to participate in the issue of Capital Notes 2 without shareholder approval, on the following conditions.</p> <p>1.1 The number of the Capital Notes 2 which may be issued to directors and their associates collectively is no more than 0.2% of the total number of Capital Notes issued under the Offer.</p> <p>1.2 The participation of the directors and their associates in the Offer is on the same terms and conditions as applicable to other subscribers for the Capital Notes 2.</p> <p>1.3 The Company releases the terms of the waiver to the market when it announces the Offer.</p> <p>1.4 When the Capital Notes 2 are issued, the Company announces to the market the total number of the Capital Notes 2 issued to directors and their associates in aggregate.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> Listing Rule 10.11 requires the approval of security holders to issue securities to a related party. This rule is directed at preventing a related party from obtaining securities on advantageous terms and increasing their holding proportionate to other holders. Only unassociated security holders' votes are counted where such approval is sought. This protects security holders' interests by supplementing the related party provisions of the Corporations Act (and whatever related party provisions apply to foreign entities).</p> <p><b>Present Application</b> The Company is offering convertible notes under a prospectus offer. The participation of natural person related parties in a public offer subject to this cap is a de minimis departure from the principle that no equity securities may be issued to a related party without shareholder approval other than under an exception in Listing Rule 10.12. The Company has completed a capital raising in the amount of \$11,300,900 by way of the placement of the Convertible Notes to certain unrelated holders and to Blue Spec. Blue Spec is a related party of the Company, being controlled by Mr Murray Black, a director of the Company. The Company seeks approval by shareholders for the issue of Interest Shares in satisfaction of interest that will become due and payable to Blue Spec over the 12 months from the date of the AGM with respect to the Relevant Interest Period. Interest of 8% per annum is payable to Blue Spec on a quarterly basis in either cash or Interest Shares, at the election of the Company. Interest Shares are issued at a deemed issue price equal to the VWAP of Shares over the five trading days prior to their issue date, being the last date of the Relevant Interest Period. The maximum number of Interest Shares that may be issued to Blue Spec is 1,543,841 Interest Shares. The interest rate and period of time over which Interest Shares may be issued is fixed and the notice of meeting provides a working example of an indicative number of Interest Shares based on three estimated values of VWAP, being \$0.02, \$0.03, \$0.04 and \$0.05. There is a sufficient degree of certainty about the basis for calculation of the number of securities to be issued for shareholders to be able to give their informed consent to the issue of the Interest Shares over the relevant period. The waiver is granted on condition that the Shares are issued within the timeframe stipulated, terms of the waiver are released to the market no later than the time the Notice is released to the market and there is disclosure in the Company's annual report.

The Company has requested a waiver from listing rule 10.13.5 in order that shareholder approval can be sought at its 2020 annual general meeting for the issue of Remuneration Shares without having to issue them within the one month period. The maximum number of shares to be issued is fixed and known and the potential dilution based upon current issued capital is minimal. Shareholders have the chance to approve the issue of the shares. The waiver is granted on the condition that the securities are issued no later than 31 May 2021, the terms of the waiver are disclosed in the Notice and the annual report discloses details of the relevant securities that have been issued.</p>

order that shareholder approval can be sought at the meeting for the issue of shares, subject to the achievement of agreed performance milestones, without having to issue them within the one month period. The number SVL Shares to be issued is fixed and therefore the maximum potential dilution is known, the performance milestones are appropriate in the circumstances and the period of up to 24 months to issue the SVL Shares is within ASX precedent for similar waivers. The timing of the issue of the SVL Shares are justified by the terms of a specific commercial transaction undertaken by the Company and there is a clear structure in place governing the issue of the SVL Shares to which shareholders can give informed consent.

<b>Listed Company</b>	DETERRA ROYALTIES LIMITED
<b>Waiver Number</b>	WLC200340-004
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Deterra Royalties Limited (the 'Company') a waiver from Listing Rule 10.14 to the extent necessary to permit the Company to issue restricted shares in the Company or rights to receive shares in the Company to any executive director/s of the Company as part of the demerger of the Company from Iluka Resources Limited ("ILU") without seeking shareholder approval, on the following conditions:</p> <p>1.1 The Demerger Booklet issued in connection with the proposed demerger of the Company contains the information required by Listing Rule 10.15 in respect of the proposed issues.</p> <p>1.2 In each case, the date by which the Company will issue the options or rights must be no later than 12 months from the date of its admission to the official list.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> Listed entities are required to obtain the prior approval of security holders for an issue of equity securities to related parties, even if pursuant to their participation in an employee incentive scheme. This rule is directed at preventing related parties from obtaining securities on advantageous terms and increasing their holding proportionate to the holdings of other security holders' interests by supplementing the related party provisions of the Corporations Act (and any related party provisions applying to foreign entities under relevant legislation).</p> <p><b>Present Application</b> DRR has applied for admission to the official list of ASX. It is proposed that the Company will have an equity plan under which certain employees of the Company, which may include directors, will be eligible to receive awards to replace their current entitlements (which will lapse when they cease employment with ILU) or awards to incentivise them in the future. The material terms of the awards that the Company proposes to make to any directors of the Company has been disclosed in the Demerger Booklet that will be sent to ILU shareholders and the the Company's equity plans will be established prior to its listing. Waivers from Listing Rule 10.14 are granted on the basis that where a future issue of equity securities to a director under an incentive scheme is disclosed in an initial listing document, persons who subscribe under the IPO with notice of the future issue of securities to the director may be taken effectively to have consented to the issue. Therefore, it is unnecessary to submit the issue to a security holders' meeting for approval. The disclosure of the details of the future issue must be adequate and consistent with the information that would be required under Listing Rules 10.15 or 10.15A in a notice of meeting. Accordingly, a waiver from Listing Rule 10.14 is granted on the basis that the Company's Demerger Booklet contains adequate disclosure about the proposed issues of shares to directors and the shares are issued within three years of the Company's admission to the official list, which is consistent with the requirements of Listing Rule 10.15.</p>

<b>Waiver Number</b>	WLC200353-006
<b>Decision</b>	1. Based solely on the information provided, ASX Limited ('ASX') grants Zebit, Inc. ("ZBT") a waiver from Listing Rule 10.18 to the extent necessary to permit ZBT, upon a change of control and in the event that an option holder's employment or service with ZBT is involuntarily terminated (either without cause or for good reason) within 12 months of the change of control, to accelerate the exercisability of the options on issue under ZBT's 2015 Stock Option Plan ("2015 Plan") held by officers of ZBT.
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> An entity must ensure that no officer will be entitled to termination benefits or any increase in them if a change occurs in the shareholding or control of the listed entity. This prevents the use of termination payments as a poison pill or golden parachute and supports the takeover regime in the Corporations Act.</p> <p><b>Present Application</b> ZBT is a US Delaware incorporated entity and regulated by US law. ZBT has an existing agreements in place with current employees which permit existing stock options granted to vest on an accelerated basis in the event that the holder is involuntarily terminated following a change of control. This is considered to be a permissible departure from the principle of the rule to allow ZBT to honour its contractual obligations to an officer, which are in accordance with the law and market practice in its home jurisdiction, and which were entered into before the entity contemplated listing on ASX.</p>

<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Zebit, Inc. ("ZBT") a waiver from Listing Rule 14.2.1 to the extent necessary to permit ZBT not to provide in its proxy form an option for holders of Chess Depositary Interests ("CDIs") to vote against a resolution to elect or re-elect a director or appoint an auditor, on the following conditions;</p> <p>1.1. ZBT complies with relevant US laws as to the content of proxy forms applicable to resolutions for the election or re-election of directors.</p> <p>1.2. The notice given by ZBT to CDI holders under ASX Settlement Operation Rule 13.8.9 makes it clear that holders are only able to vote for the resolutions or abstain from voting, and the reasons why this is the case.</p> <p>1.3. ZBT releases details of the waiver to the market as part of the pre-quotation disclosure, and the terms of the waiver are set out in the management proxy circular provided to all holders of CDIs.</p> <p>1.4. Without limiting ASX's right to vary or revoke its decision under Listing Rule 18.3, the waiver from Listing Rule 14.2.1 only applies for so long as the relevant US laws prevent ZBT from permitting shareholders to vote against a resolution to elect a director or appoint an auditor.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> Listing Rule 14.2.1 requires notice of meetings to include a proxy form which must provide for the security holder to vote for or against each resolution. <b>Rule Number</b>	14.7
<b>Date</b>	30/10/2020
<b>ASX Code</b>	MRC
<b>Listed Company</b>	MINERAL COMMODITIES LTD
<b>Waiver Number</b>	WLC200345-001
<b>Decision</b>	<p>1. Based solely on the information provided, ASX Limited ('ASX') grants Mineral Commodities Limited (the 'Company') a waiver from Listing Rule 14.7 to the extent necessary to permit the Company to issue up to 100,000,000 shares under a placement to professional and sophisticated investors who are clients of Clarksons Platou Securities AS (the 'Securities') later than three months after the Company's general meeting ('Meeting'), held on 30 July 2020, at which the issue of the Securities were approved, on the following conditions:</p> <p>1.1 the issue of the Securities occurs no later than 28 February 2021;</p> <p>1.2 the issue of the Securities must be on the same terms disclosed in the Company's notice of meeting, dated 26 June 2020 ('Notice');</p> <p>1.3 the Company updates the market on the reason for the delay; and</p> <p>1.4 the Company must release the terms of this waiver to the market immediately.</p>
<b>Basis For Decision</b>	<p><b>Underlying Policy</b> If a notice of meeting states that an entity will do something that the listing rules require it to do, the entity must do that thing. This supports the integrity of listing rule requirements that forbid a listed entity from taking a particular action unless it has obtained the prior approval of ordinary security holders, and require the giving to security holders of specific information about the proposed action in order for such approval to be validly obtained.</p> <p><b>Present Application</b> Listing Rule 7.3.4 requires a notice of meeting with a resolution to approve the issue of ordinary securities under Listing Rule 7.1 to state that the securities will be issued no later than three months after the date of the shareholders' meeting. Listing Rule 7.3.4 ensures that an issue of securities is made within a reasonably short time after the ordinary securities holders approve the issue, so that there is less possibility that the circumstances of the entity may change by the time the issue is made in such a way that they are different from those that the ordinary security holders may reasonably have had in contemplation at the time of giving their approval. Listing Rule 14.7 ensures that an issue of securities approved by security holders conforms to the terms on which security holder approval for the issue was obtained. However, ASX has generally been prepared to grant waivers where the requested extension is short, where the circumstances of the company have not materially changed, where the transactions are complex and involve longer than usual delays (whether due to regulatory approvals or otherwise) or when unforeseen complications arise.</p> <p>The Company sought and received shareholder approval for the issue of the shares ('Securities') at a general meeting held on 30 July 2020. In accordance with Listing Rule 7.3.4, the Notice stated that the Company would issue the Securities no later than three months after the date of the meeting. The delay to the secondary listing on the Oslo Bors is outside the control of the Company. Shareholder approval was obtained for the issue of the Securities and in line with the Notice and Listing Rule 7.3.4, the latest date that the Securities can be issued is 30 October 2020 (being 3 months after shareholder</p>

approval was obtained).

A waiver is therefore granted to allow the issue of the Securities up until 28 February 2021 to allow further time to complete the secondary listing process and additional capital raising under the placement. The maximum number of Securities to be issued is fixed and the potential degree of dilution to existing shareholders is known. The additional time requested is not excessive. There has not been any material change to the Company's circumstances from the date of the shareholder meeting, noting changes more broadly in relation to economic conditions.
